

CONGRESSMAN AL LAWSON FLORIDA'S 5TH DISTRICT

Dear Friend,

I am so proud to have the honor to represent the great people of Florida's Fifth Congressional District. I want you to know how my office can be helpful to you and your family and I want to hear from you about what is important to you.

The issues that I'm focused on for Florida's 5th Congressional District include:

- Safeguarding social security and making sure we take care of our seniors;
- Working for our college students to help them access more grants and reasonable loan rates so they can graduate without debt
- Promoting and protecting Florida's beautiful natural resources for generations to come
- Working to create safe and affordable housing in North Florida
- Fighting for our country's brave veterans to make sure they have the job training they need, access to affordable health care, education benefits, and housing.

If you need help resolving an issue with the federal government, please call us in Jacksonville at 904-354-1652 or in Tallahassee at 850-558-9450. You can also visit my website at Lawson.house.gov/GetHelp to learn more and sign up for my newsletter. Congress should work for you, and I'm honored to do so.

How My Office Can Help You

“Congress should work for you, and I’m honored to do so. If you need help resolving an issue with the federal government, please call us in Tallahassee or in Jacksonville. You can also visit my website at Lawson.house.gov/GetHelp to learn more and sign up for my newsletter.” ~ Al Lawson, Jr., Member of Congress

Rep. Lawson visited with residents like John Gatson of Eureka Gardens Apartments in Jacksonville to learn first-hand about the need to improve housing.

Rep. Lawson talked about how Congress can best help veterans at the American Legion Post 13 in Tallahassee in April.

VETERANS & MILITARY SERVICES

One of my priorities in Congress is working to ensure our veterans are getting the help they deserve - from job training, to access to health care and education benefits, to affordable housing. Contact my office for help with any of those issues or if you need help getting military records and medals earned but not yet received. I’m honored to have the opportunity to nominate talented and dedicated young people to our nation’s service academies. Contact my office to find out more about military academy nominations.

SOCIAL SECURITY & MEDICARE

Our seniors have worked hard their whole lives to earn a secure retirement. My staff and I can help you receive the benefits you have earned and assist you with enrolling in Social Security and Medicare.

PASSPORTS, IMMIGRATION & NATURALIZATION

We may be able to assist you in expediting your passport for urgent situations. We can also help address issues with Immigration and Customs Enforcement and a variety of other issues related to green cards, immigration, and foreign travel.

AFFORDABLE HOUSING

If you have issues with your housing, we want you to reach out to our office for help. Whether it’s help with home loan modification or the need for federal assistance with improving conditions in your rental unit, we are here to help.

FEDERAL GRANTS

A federal grant may be an opportunity for your organization to get the funding help it needs. My office can provide you with resources to find and navigate federal grants.

STUDENTS

A college education is more important than ever for succeeding in our economy, but it is increasingly expensive. I’m committed to lowering student loan debt and making college more affordable. My office can provide information on student financial aid offered by the federal government.

SMALL BUSINESSES

Our local small businesses are vital to a strong economy. My office and I can help you with Small Business Administration loans, working with local Small Business Development Centers and learning how to use agency resources like U.S. Census Data to help your business succeed.

“We are here for you. My office can help in additional ways, such as assistance with the IRS, touring the U.S. Capitol, ordering a flag flown over the Capitol, and working with other federal agencies. Contact us to find out how we may be able to help.”
